## technical notes

Maximum operating temperature: 90 °C

Max. Betriebstemperatur: 90° C

Température maximum de fonctionnement: 90 °C

Temperatura máx de funcionamiento: 90 °C

Maximum operating pressure: 400 kPa

Max. Betriebsdruck: 400 kPa

Pression maximum de fonctionnement: 400 kPa

Presión máx de funcionamiento: 400 kPa

Wall fastening systems are white for "9010" version, chromed for "chrome" & "colors" versions

Wall fastening systems are white for "9010" version, chromed for "colors" versions

Les systèmes d'installation sont blanc pour la version "9010", chromés pour les versions "colors"

Los sistemas de fijación son blancos para la versión "9010", cromados para las versiones "colors"

For single pipe installation, please consult technical notes Pag.323

Bei dem Einrohrsystem lesen Sie die technischen Daten auf Seite 325

Pour installation monotube consulter les renseignements techniques détaillés Pag. 327

Para instalaciones monotubo consulte las informaciones técnicas detalladas Pag. 329

# DELTACALOR

# Company profile

## Quality made in Italy

The company was founded in the mid-nineties with a traditional handicraft steel towel rail production. In 2002 the company was transformed into a real industrial reality, following the acquisition of an important group in view of the plumbing and heating sector led by CEO Giovanni Pastorino who decides to revive the company renewing its product range with new ranges of hydraulic, mixed and electrical steel towel warmers and radiators with exclusive technology and design. Deltacalor is strongly characterized by a 360° approach that incorporates technology, practicality and aesthetics. The constant Research and Development on materials, shapes, finishes and processes leads the company to the launch of major patented products, tangible evidence of real and concrete innovations.

Not only the heating elements, but also expression of an innate attitude in the search of the best way to provide comfort and well-being at the service of man. High functionality, energy saving, easy installation, high quality are, in fact, the advantages of a production able to meet and anticipate the needs of designers, architects, installers and end users.

DELTACALOR

# Company profile

## Production takes place in Italy

Production takes place in Italy, in the state of the art plant of CalolzioCorte (LC), on a surface of approximately 10,000 sqm. We use the most innovative and advanced production methods: from welding to painting, to a well established quality control system based on the highest market standards. Production know-how is one of Deltacalor strengths: the company can produce a high number of parts using highly automated systems, but is also capable of meeting the different degrees of customisations that the market requires. All this, with the utmost attention to process control, ensured by a team of experienced professionals.

Deltacalor takes advantage of a young and dynamic workforce of 50 employees, capable of meeting all the needs of our customers, and ready to take on the challenges of the market. This is the winning combination of the company that always ensures precise and timely service.
